

Texas Association of Surgical Skills Laboratories 2015 Annual Meeting
University of Texas Health Science Center at San Antonio
7703 Floyd Curl Dr.
San Antonio, TX 78229

Agenda

Sept 24, 2015

2:00 – 5:00 FES Working Group Discussion (everyone is welcome to attend)
Room: Med School Building, Room 221E

6:30 – 9:00 Dinner at Paloma Blanca
5800 Broadway #300
San Antonio, TX 78209

Sept 25, 2015

Room: Library 2.027

7:30 – 8:00 Breakfast

8:00 – 8:10 Opening remarks

8:10 – 8:30 Simulation: Begin with the End in Mind
Dan Dent, MD, UTHSCSA

8:30 – 9:30 UTMB Projects

1. Development and Testing of Deliberate Practice Curriculum Using Force Feedback Simulator on Delicate Knot-Tying Skills – Jennifer Perone, MD
2. Laparoscopic Bowel Suturing Simulation – David Eckelbarger
3. Managing Laparoscopic Bleed Simulation – James McClintic
4. Factors Influencing Discrepancies in Faculty and Resident Perceptions of Resident Participation in Operative Cases – Jennifer Perone, MD

9:30 – 10:00 Virtual Surgery: Some Experiences and Possible Collaborations
Suvranu De, Sc.D.
Head, Department of Mechanical, Aerospace and Nuclear Engineering
Director, Center for Modeling, Simulation and Imaging in Medicine (CeMSIM)
Rensselaer Polytechnic Institute

10:00 – 10:15 Break

10:15 – 10:35 Resident Robotic Surgery Curriculum
Victor Olivas, MD, Texas Tech El Paso

10:35 – 10:55 Opportunities for Collaboration and Training in Robotic Surgery
Kent Van Sickle, MD, UTHSCSA

- 10:55 – 11:15 Integrating Simulation into a New Residency Program
Manish Singh, MD & Donna Brown, M Ed, UTRGV
- 11:15 – 12:00 Using Simulation to Assess Milestones
Kim Brown, MD, UTMB
- 12:00 – 1:00 Lunch Break
- 1:00 – 1:30 Tour of the Johnson Center for Surgical Innovation
- 1:30 – 1:50 Cerebral Artery Flow of Surgeons while Performing a Laparoscopic Task
Dixon Santana, MD, Texas Tech
- 1:50 – 2:10 Telementoring
Brian Dunkin, MD, MITIE
- 2:10 – 3:00 TASSL Collaborative Research Projects Update & Future Projects
Aimee Gardner, PhD, UTSW
- 3:00 Adjourn
